2025 ICMLCN	Conference Travel Grants (CTG) is a newly established IEEE ComSoc program, which provides partial financial support for participation in IEEE ComSoc conferences.	granted ($800.00)	
IEEE GLOBECOM 2022	On a competitive basis, IEEE GLOBECOM 2022 offers a number of ComSoc grants to students who have co-authored an accepted peer-reviewed paper for the conference. Each IEEE sponsored grant is up to US$1000 but no more than the actual travel expenses. For the student attending remotely the ComSoc grant is to cover the registration cost up to US$300.	active	
IEEE GLOBECOM 2022	On a competitive basis, IEEE GLOBECOM 2022 offers a number of WICE grants to students who have co-authored an accepted peer-reviewed paper for the conference. Each IEEE sponsored grant is up to US$1000 but no more than the actual travel expenses. For the student attending remotely the WICE grant is to cover the registration cost up to US$300.	granted ($0.00)	
IEEE GLOBECOM 2022	The IEEE GLOBECOM 2022 conference offers a number of NSF travel grants to students on a competitive basis. The travel grants help promote diversity among the conference attendees. The NSF grants are particularly for 1) women and minorities and 2) beginning graduate students and first time GLOBECOM attendees. Each NSF sponsored grant is up to US$1400 but no more than the actual travel expenses (the awarded student should attend in person not remotely).	active	
2025 ICMLCN	The IEEE ICMLCN 2025 conference offers a limited number of ComSoc grants to students who are co-authors of an accepted peer-reviewed paper, demo, or poster. Each IEEE-sponsored grant provides up to US$700, covering travel expenses up to the actual cost.	denied
